Remarks

Prepare to be amazed when you step into this deceptively large multi-level home in the heart of North Wilmington. This space welcomes you in through a center foyer and opens up to a well laid out open-space consisting of the living room, complete w fireplace, dining room and kitchen. This home has been completely remodeled and boasts a newer kitchen complete with maple cabinets, granite counters, ceramic tile flooring, stainless appliance package and recessed lights. The adjacent dining room has ceramic tile floor, french door to the rear deck and nicely crafted shadow boxes and crown moldings. Upstairs you love the 4 bedrooms (4) that have two bedrooms on each of the two upper levels. Downstairs your family room/great room is large enough for any entertaining and has a half bath for convenience. Just when you thought there couldn't be any more space you'll find you have a full unfinished basement that's great for storage or your finishing vision. Come make this house your home!
